Dear Dr. Hall,

I was surprised and pleased when I found out I was a recipient of the H. Tracy Hall Scholarship for the 2003-2004 academic year. I would like to thank you and your wife for contributing to my academic progress.

I am a native of Flagstaff, Arizona where I finished high school and attended Northern Arizona University for three years. I also had the opportunity to spend a semester in Buffalo, New York and a semester in Adelaide, Australia as an exchange student. I subsequently transferred to BYU in the fall of 2000. I served a mission for the Church in the Ecuador Guayaquil North Mission from September 2001 to April 2003, which was a life-changing experience. I will graduate with my Bachelor of Science degree in Chemistry in April of 2004. I worked as a research assistant for Dr. Steven Fleming for one semester before serving a mission and will continue to work for him until I graduate. I will be working as a Teaching Assistant in the Chemistry Department for the upcoming academic year. I will take the Pharmacy College Aptitude Test this fall and apply to go to pharmacy school for the following fall. I'm excited for what the future holds. I also enjoy the outdoors, music, and travel.

Once again, thank you for your generosity.

Sincerely,

Nicole A Giauque
