

H. Tracy Hall, son of Mr. and Mrs. Howard Hall, of 2530 Fowler Ave., received, the degree of Doctor of Philosophy at the University of Utah Commencement exercises, held Saturday evening, Aug. 28th. His field is Physical Chemistry. Dr. Hall carried out fundamental investigation on

"The Isomers of Chromic Salts" and, "Liquid Junction Potentials", on which subjects his thesis was written. *While at the U., his graduate work was done under the direction of Dr. Henry Eyring, world famous Physical Chemist, & dean of the graduate school at the U. of U.*

Dr. Hall is the third person to receive the degree of Doctor of Philosophy from the University of Utah, but is the first "Home grown" candidate, having received his Bachelors degree in 1942, his Master's degree in 1943, and now his Doctorate, all from the University of Utah.

He is a native of Ogden and graduated from Ogden High School and Weber College. He is a full member of Sigma Xi, honorary graduate society, and a member of Alpha Chi Sigma.

The day following Commencement exercises, Dr. Hall departed for the East, where he will visit some of the nation's leading research laboratories. His wife, the former Ida Rose Langford, and their three children are currently residing at Stadium Village, Salt Lake City.
