

Telephone conversation with Liz--January 16, 1995

We went to Mexico on a cruise the week before Christmas. We had a lot of fun, it was really a good time. Emily is back from Israel and spent the holiday shopping for all the things she lost in the storage unit theft. She bought a used Honda Accord (1989) with only 14,000 miles on it. She got a really good deal and she and Greg drove back to BYU. Her new address is 1130 East 450 North #210, Provo, Utah 84606.

We have had 17 straight days of rain and we are water sogged. We are really tired of rain. We saw some sunshine today. There has been some flooding around but not in our neighborhood. Lots of branches are down and had the power was down for a day. We had high winds along with the rain.

The Christmas concerts went really well. The girl's choir was really sweet. Now I'm starting the Morning Fireside Singers. This is Erin's group. We are going on tour this year to Czechoslovakia. Marty's in Hong Kong right now and will be gone a week.

John is in the middle of basketball season he is on the JV team and is doing quite well, averaging 13 points a game as a point guard.

Erin is taking singing lessons and has been accepted to BYU and is preparing her audition tape to apply for acceptance in the music department. She wants to be a voice major.

I made 30 pounds of chocolates I spent 3 days making them and the family ate out for those days. I usually do it at Christmas time but had so much going on that I did it after Christmas this year. I gave them to neighbors, friends and teachers.

Emily auditioned Saturday for the Missouri Experience. It is a four month mini-mission in the summer. Six boys and six girls are chosen from about 100 that try out. Those chosen will do performances in the evening and during the day do tours and proselyting. She got called back for a second audition. If she is chosen to go, her boy friend will have to wait for her to return from her mission.

I'm directing an Easter choir and we have been asked to do 3 services with the choir a speaker and everything. They are going to do a fireside for us. The minister who requested us to do the Easter program was actually raised in an inactive Mormon family. They will do a fireside for us later on.

We are doing fine. The 49er's won and we are happy.

Love, Liz and family
