

Telephone conversation with Virginia:

I was released from the Relief Society two weeks ago. I'm working in Primary as a floater. It is fun. For now I just go and substitute when they need it or help with sharing time. They came down at the end of sharing time today and asked me to come to Relief Society for a moment. They presented me with a beautiful wall hanging. It's about 3 1/2 by 4 feet and it is a quilt top wall hanging with a tree with twisted multi colored trunk. Then they have 7 apples which have each of my counselors names on it and 65 leaves where all the sister have signed their names. It has a blue sky and is very artistically done. My former councilor designed it. She spent 60 hours putting on all the hand appliqued leaves. It is just gorgeous!! She's a single mom who works and spent all her Veteran's day weekend working on it. It matches the apple theme of my kitchen. (Roland is running a pizza cutter across the top of the wall hanging right now. Aghh!) Barry's mother is coming in for Thanksgiving.
