President Steven Wood  
Morristown New Jersey Stake

Dear President Wood:

I'm writing to inform you that ELDER DANIEL HALL BARTHOLOMEW, a missionary from your stake, will complete his service in the Guatemala City North Mission on Wednesday, February 12, 1992. We will miss him very much.

What a wonderful missionary Elder Bartholomew has been! He completed his proselyting responsibilities conscientiously and diligently, always seeking those who were most prepared to hear and accept the message and contribute, in turn, to the building of the kingdom.

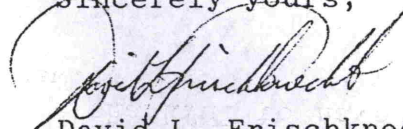

He has been a leader among the missionaries, but has had even more influence on companions who needed special attention and an unwavering example. Many times I commented to him that he had had a singular effect on his companions in the moments when they needed much support. We are very thankful to have been associated with Elder Bartholomew.

We are enclosing a release certificate which I have signed. If you wish you may add your signature and give the certificate to Elder Bartholomew when you release him.

Elder Bartholomew has a strong testimony of the gospel and has expressed his desires to continue serving in the Church. He indicates that he is willing to accept whatever calling the Lord may have for him. I hope that you can help him in his desires to continue to serve.

Thank you for having sent Elder Bartholomew on a mission. May the Lord continue to bless you in your efforts to prepare and send other great missionaries.

Sincerely yours,

David L. Frischknecht
