

Sines. Oct 3, 1961. N. Tracy Hall, yesterday

Dr Guy Vander Schuerck, Diamond Boat, Laboratoire de Recherche Sur Le Bois, 44 Ave Du Pont De Lettre, Brussels 19, Belgium - ~~fantasy~~ brought wife Christine Chemist.

Jan 27, 1962 - Tracy invented his arvit guide. This allows the ^{hydraulic} rams to move into place in perfect synchronism.

July 6 62 - Sep thru N.W. Tracy took course on the Science of High Pressure, at Reed College in Portland, Oregon, sponsored by Nat'l Science Foundation at ~~Reed College~~

We spent one day at World's Fair in Seattle.

The U.S. Science exhibit at the fair had a display on man-made diamonds by G.F. My name was listed on exhibit.

July 6 - tetrahedral X-ray press is now in operation.

Aug 4 - I have sent in a patent letter (several weeks ago) to Research Corp. on this.

Nov 8, 1962. See.
