

effects. Ernie packed up his
other things & put Michael
in the house to paint paper
etc. while Michael waited
the decision on his law
suit. (His wife had
sustained mental damage
as a result of surgery).

Dad has been working
since. Sometimes he thinks
this house is his. He's
happier than. Sometimes he
realizes he's not at home.

He's gained weight & is
back to normal weight. He
eats well, sleeps well &
except for dizziness & an
occasional hand accident
he seems well & healthy.

He needs us. He really
should never be alone.
