

We took Dean Barnitt, Howard Cantlett & _____ over to McDonald's for supper, Tracy treating. He had offered to take them anywhere but they said they were hungry for hamburgers so that is where we went.

The comradish bitumen members of the church is truly remarkable. We went up to the Mormon Battalion monument & walked around the old town which has been preserved as a historical monument. We leave tomorrow morning for home. It's been a delightful trip & I think Tracy has gained strength from being here with no pressures upon him. saps - skipped a couple of pages.

Sunday 28. We had a nice trip home & we've been so busy since I haven't had time to write in this journal. Thus I spent studying for a Humanity & a Religion test Friday. Don't know how I did in either. We had a wonderful spiritual testimony meeting today. This evening at 8 we had an adult Fireside. Richard Anderson talked on the similarities between Paul & Joseph Smith.
