These were mailed Oct 21, 1983. Let me know if you receive them. They should take from two to three months to arrive.

Dear Sarah:

I found the entry which had the airmail charges to you on the first package. It was 11.00. So, if the dresses were costing you 17.50 each that would come to , with the shipping costs of 11. and 4.60 85.60 value that you have sent to me, plus the cost of the two boxes, 1.00. (they were 50 cents each when we were there, if they have gone up, please let me know. So:

If the ladies do not pay you, I will stand the loss. I will assume that you still have or have used the 35.40 remaining. If you can assume that value, then we know where we are from here on out. If some of the ladies have purchased part of that remaining material (the 35.40) then I hope you have collected from them FIRST. I know that you will send me the value of anything you have collected from the ladies. From here on out, anything I send to you is YOURS. Do not get soft and sell any to the other ladies. They have my address, and they can write to me and make their own arrangements. Elizabeth included. They can either crochet or buy already crocheted, or arrange through you to get (through your contacts) crocheted dresses which are the value of the same ones you have sent to me. But I can arrange that with them when they write. I will go to town today and buy materials for quilts and get them to you post haste. I will send then slow boat or the cost to you will be so high you won't make much money on the quilts. I presume you can get batting in South Africa. If not, I can send you batting from here. The batting which I sent you for Christmas is not my favorite batting. The regular bonded is better. I think I mentioned to you in my other letter that I could send a bat which will cut into 6 36x45 quilts and which will cost approximately 12. including shipping. I think I shall send you one of these so you can see what they are, and then if you haven't been able to get to South Africa, you will have something to work with.
