Dearest Hall.

I was very pleased to received your postcard with the address, and I'm so happy to hear new from you. first I got the material from you and I'm so sorry because I didn't sent any thing ~~to~~ to you because I get the material very late when I was from South africa in March and I sell some few to the Ladies. but they complain and say the material is useless to us because we don't have the Batting. Where you show us to buy at Beatris road they don't allow us to get the say they dont sell it even the offcuts.

As I write this letter sent 2 crochet dresses to you by air and the rest I will sent it by ship. the Ladies didn't pay me yet the money for material they said they will pay me at the end of June, I am still waiting. we are longing to see you both always we are talking
