Dear Sis Hall

3rd 2. 85-

I received 3 checks for \$70 now. it means that it brings 300 Zimbabwe Dollars. Thanks very much for such love, and my husband says he thanks so much for what you done for our family and say also thanks to brother Hall for your kindness.

We are so sorry to hear that Elder Hall is not quite well since he come back from Zim. We pray God to help him for getting up well. We are also sorry to hear that you had have four funerals.

I have already stated to make your orders for this Xmas I didn't tell any one from our church although is only sister Chaya you know. but she is also busy ~~for~~ Chro Crocheting for the Nield allways.

We were so pleased to hear that you have so many grand children now only Nancy married but we are still going to make a wedding she is expecting my 3rd grand child because the one in South has 2. and Nancy is going to have one that will make for me 3rd

Sister Hall another man who is working there at Buclays advise me to open an account of about \$100. so that when your check come I must not worried to pay another \$3 and sent it Back for money, they just put it in my account same time we do this in this 3rd check. now.

Pit.O

is very easy for me and you. and the way you do is also easy for me too.

for the first time when you sent That \$25- they ask me many questions that, what is this money for, and the first \$70 they also ask. & the second \$70 I open the account, and for the third \$70 there was no question they just take my saving account and the check and that was all. the way we have now is easy and good.

greetings to all with love
