

Indian Art - Anchorage museum
a truly splendid museum -

only 1/2 hr here. Could have
spent all day, but needed to
spend the time with my sister
& family who was here!
July 23

found a
circle?
note the
pleasing
curves and
ovals. This
could easily
have been too
"busy", but it
pleases the eye.

To understand
the symbolism
you would
need to know
the legends.

I would say
the "eyes" have it.
