Dec. 5 / Sunday

Dear Ida Rose -

I was pleased to get your letter. Yes, I would like the clothes - both round and ^{rectangular} ~~square~~ if you can get them from the bazaar. If you will just let me know how much they are and where to make the payment, I'll be grateful to get them.

Max Hill was at church this morning. It was good to see him out and around again. Clara Crossland is in the hospital. She fell about 3 weeks ago, but went in last Tuesday because the pain wouldn't go away. They did a myelogram on Thursday and found she has 2 herniated discs. It was my week to be at the hospital for my nursing class last week & I was privileged to care for her. She's such a very sweet person. We really come to appreciate and love her the past few days. No decision has yet been made, but it looks like she'll probably have to have surgery.

Our family will be leaving for Oregon on the 17th for the holidays. The kids are sure excited about it.

Jim and Shauna Hill blessed their new little girl in last meeting today. She's sure a cute little thing. They've named her Jennifer Hill.

We had a lovely Christmas looking snow last week - a few inches deep. It's lasted all week and looks so pretty with the clear blue sky.

We hope you're doing well - having many experiences and seeing things we can't imagine. South Africa sounds so terribly far away, I'm sure you're very much needed there.

Have a happy holiday.

Love,
Annette
