will be very happy, when I go home and tell her about it". All the neighbors are also happy to have them back, especially in the same neighborhood. Westover will be very happy also, to have this couple in his Ward.

now, I better close this letter. It was as I had talked to you in person and it makes me feel good. God be with you till we meet again, with love. Emma in Zwohlen  
and from Sam + Jay
