Dear Elder ^{2nd} Sester Hall, ^{is that so?}

We were so pleased to get your letter last month - Sorry to be so long answering. Yes, I guess we are homesick for Africa. We love every bit of news we hear from there. We are looking forward to meeting the Martens when they return. Their daughter lives in the 10th Ward - we use the same bldg. She said they were being released in March, but were going to do a little touring on the way home. They are from the East, but are coming to Boise to get their car. Some should see them soon.

It sounds like you are enjoying the work better in S. Afr. You did a great job in Highfield - I'll bet they really missed you when you left - but they won't forget all the things you taught them & getting quilting started was a wonderful thing for the women. We hear good things about Highfield & Bindera - that it is doing great.

We went up to Papburg the last of Mar. to see our grandson at Rick's. We saw Kim Santelli and Merrill Newbold from Five Five. They are excited about going home - but they have loved Rick's. We know they will really miss the spirit and environment of Rick's when they get home. Both plan on coming back next year as well as Merrill's sister. We found out Sheron Field was back in school & that Reg & Iris were in town. So we found them and had a wonderful visit with them for an hr - before we both left town. We talked (to Reg) just as fast as we could talk & didn't get nearly through - but it was great to see them and they told us about the Dist. being split. He says he is emigrating right now - but won't leave for some time - I guess he's just getting the paper work done so he can leave when he wants to. We went on down to Drows and stayed a few days with our son. We went to the D. Afr. reunion. We had our other one in S. L., but couldn't

Were thinking of going on one more mission. But don't know when they'll send me - but will go where they call me. I'll be home in about 20.
