

13 March

P. Day again

Dear E. & his Hall,

Surely enjoyed your letter - & got some very helpful hints from it - thanks. Looks like I left the impression that we were holding our hands. We've been busy - but it's much like walking on a treadmill. We've never got beyond the 3rd disc. yet. But I still get a high from teaching folks about the Gospel. All I need is the chance!

We have taught lots of close relatives of ministers - & finally got to teach an Apostolic minister this week. Quite an experience. I always said I'd die if I had to do that - but we find you can't argue with the truth - and there is no answer for a testimony.

We had that of seeing if the library would let us teach a gen. class. A genealogy specialist has already tried that with no success. Now I am - or was - tinkering with the notion of teaching a class on physical fitness & nutrition. Don't have a degree, but I've spent 24 years studying it - & the S. Africans could surely use it. But at zone conf. Pres. M. said we would be going to East London soon. We have great hopes with three inactive families.

And now that we have our own flat, we can stand anything!

Your accommodations are pretty steep in price. This is a nice unfurnished flat for \$240 a month - no maid service. It is those dear missionaries who must live with families that my heart aches for!

Have you any idea how we can get a hold of Birwood's parents in Bedford? I don't even know his name. The Reeses say they were getting ready to move & they didn't get to teach them. Hope we can find them.

There are 8 active people in this little branch. One priesthood holder. We have the short cut piano course - but nobody has a piano. That was a nice thought.

I didn't realize you were heading home so soon. When you get home, stop in & see our daughter in Orem. She would love it & so would I.

How does it feel to be that close to going home? Time flies, doesn't it? Seems like the P. Days rush by like cars on a race track. Are you close enough to Sis. Laemmlen to enjoy her? Are you by any young missionaries?

They will surely get their stake with you two there. Thanks for the encouraging word & keep up the good work.

Our best.

The Waldrons
