

11th June 1952.

Dear Dr Hall,

I trust that you and Mrs Hall are well and are experiencing a blessed and successful tour.

You have been visiting our sub-continent at a troubled time, but I sincerely hope that your ministrations will contribute to relief in the sphere of human relationships.

I hear rumours that you may be returning to the Republic in a few months' time. We are eagerly looking forward to seeing you again. Please keep us posted as to your coming.

I am taking the liberty of writing to you in regard to my clerk: Mark Swartzberg. He looks after my legal and personal welfare when I am on duty. He is an exceptionally important young man. I am the envy of my brother judges for having a clerk of such

competence and integrity.

I have just recently learnt that he is a devout member of your church. He surely is a tribute to that organisation.

Mark and his brother, Roy, whom I have not as yet met, plan a trip to the States in December. Their primary objective is to visit your temple in Salt Lake City. They intend to spend a few days there, then do a short trip through California and return to Salt Lake City for the Christmas celebrations.

This will be his first visit to the U.S.A and I shall appreciate it very much if you could find the time to provide him with such information as you ~~might~~ think might enable him to reap the greatest benefit from his pilgrimage. It means much to him and I would like him to profit as possible

hey it. He is worth it!

Hoping to see you here soon. We would like to show you more of the city in which we live.

My very best regards to Mrs Hall.
My wife sends her fondest regards.

Yours very sincerely,

T. Abram Reem
