Dear Bishop and Sister Hall,

Hi! How are you all doing? I sure like seeing the crocheted things you send sometimes.

My dad (Ken) was called (in July, sometime, I think) to be a Branch President over at the MTC. The Edward Stephenson 4th, or something like that. Anyway, it's the one that faces our house, so we have to watch what we do!

Our baby is due September 23, so it's not long now. Did you already know my mom was expecting? Anyway, she is.

Well, how are things in... (give me a minute to think this out)... ZIMBABWE? (There, I did it!) When do you get home? We sure miss your bright and shining presences! I hope you're having a good time there.

I started 8th grade on the 25th. It's OK I guess, nothing really exciting,

and not much homework, yet!
Have a great year...

much love,

Janelle
Higbee

P.S. I love those stamps!

Dear Bro. + Sis. Hall,

Hi! How is South Africa treating you? I'm Heather Wille, Mitt's daughter. Ya, him, the guy that's 6 feet tall, sings loud bass, and is missing hair on his forehead. School just started, and we have a rotating schedule. I have some pretty nice teachers here in 8th grade. School started on my birthday, Aug. 25. Isn't that the pits? I'm a teenager now, and I'm broke. Perú seems like a dream now, and I'm forgetting my Spanish because we've been back for a year now. My hair short and feathered, and I'm 5ft.3. Even though this is short I hope you enjoyed it.

Sincerely,
Heather Wille.
