

Aug. 29, 1982

Dear Ida Rose & Tracy,

I think of you so often. Much more than my letter writing would indicate. The summer has flown by so quickly.

My life has taken a couple of changes in the past couple of weeks. Donna Hill is working as the school secretary at Sunset View School this year. The principal is Monroe Gallier. Donna called me and said there was a part time job available as a secretary aid and wondered if I was interested. I decided to try it just to see what the working world is really like. I work with Donna and the hours are 10-2. I've worked just one week now, which was rather hectic, but I think I'm going to enjoy it after things settle down.

I've been called as the 2nd counselor in the Stake Mutual. Gayle Clark, wife of Cecil Clark, is the new Pres. Ada Taylor was the president, but needed to be released because she has to spend quite a bit of time tending grandchildren. I'm excited, but feel very inadequate. I'm going to miss working so closely with the girls. It took a while, but I really learned to love them.

We've had several new families move into the ward. A very nice Peterson couple in Goodmans with two teenage kids, a family with six children in Simons. Two young couples in Jennie Myers home, but they are trying to sell that home. A law student and his wife in Packers. A cute young couple from Brazil is living with Sis. Boardman and taking care of her. (She's been real sick again.) A lady from Oregon and her 4 children just moved this weekend into the red home on ~~by~~^{the} corner by Lee Carson. Geneavea Stott's parents have been living there, but he is really sick with cancer and they have moved into Karl and Geneaves's basement.

Our Brian is getting his mission papers ready to send. He turns 19 on Dec. 8, and wants to leave as soon as Fall Semester is over. I have mixed emotions about the whole thing. I just can't believe he's old enough.

6 July 1 croch dress \$19

I have mixed emotions about the whole thing. I just can't believe he's old enough to be on his own, and wants to leave as soon as Fall Semester is over. Our Brian is getting his mission papers ready to send. He turns 19 and conceives' a passenger. There, but he is really sick with cancer and they have moved into on the corner by Joe Larson. Conceives' Scott's parents have been living in Oregon and her 4 children just moved this weekend into the red house and taking care of her. (She's been real sick again.) A lady from in Packers. A cute young couple from Brazil is living with Mrs. Goodman but they are trying to sell that home. A law student and his wife six children in stions. Two young couples in tennis gear home, Peterson couple in Goodman with two teenage kids, a family with We've had several new families move into the ward. A very nice girls. It took a while, but I really learned to love them. I'm going to miss working so closely with the feel very inadequate. I'm excited, but spend quite a bit of time sending grandchildren. I'm excited, but was the president, but needed to be released because she has to Gayle Clark, wife of Cecil Clark, is the new Pres. Ada Taylor I've been called as the 2nd counselor in the Stake Mutual. but I think I'm going to enjoy it after things settle down. are 10-2. I've worked just one week now, which was rather hectic, the working world is really like. I work with Donna and the hours wondered if I was interested. I decided to try it just to see what said there was a part-time job available as a secretary and this year. The principal is Dennis Gallier. Donna called me and Donna will be working as the school secretary at Sunset View School. My life has taken a couple of changes in the past couple of weeks. indicate. The number has flown by so quickly.

The crocheted things you've sent are beautiful. I'd like you to please order me a table cloth. I would prefer beige nylon, but cotton would be fine if there is any problem getting the nylon. My table top is 43" x 74". I would like about an 8" overhang, making the cloth about 51" x 82". I will send the money as soon as you let me know how much it is.

The women in our ward are really interested in your quilt project. Let us know how it is progressing.

I planted one of your giant pumpkin seeds last spring. We now have a pumpkin vine growing all over our back yard. We call it our "killer pumpkin". This huge vine has only one pumpkin growing on it so far.

I should have mentioned when I told you about my new calling that Joyce Ridge is going to take my place as Beehive Advisor and Shannon Harrison is going to be the newspaper editor.

I hope things are going well for you. I admire you both so much. I know your example will influence other couples in our ward to serve missions.

Anna May and Carlyle left for Hawaii this past week. They plan to be gone a year. Anna May seems to have had a miraculous recovery from her cancer operation. We are so grateful. She seemed so happy. We understand an older couple are planning to move into her home and Gerri Jensen and her new husband are moving into the basement.

I'd better close for now. Our thoughts are with you and we hope and pray for your success as you do the will of our Heavenly Father. We send our love.

Sincerely,

*Kathryn,
Reese and Boys*
