Please forgive all the faults I make in English writing and also the bad writing.

Dear Elder & Sister Hall!
I miss you so much, I ^{just} had to write to you. I think alot of you and pray that the Lord bless and protect you always. I hope that you are both in good health and enjoy your mission.

How is the weather there? Is it as hot as here? yesterday Jul. 18, it was 94°F. and 55°F at night. The nights are nice and cool. Here every body is in good health and the children enjoy their school-vacation and I am still around. My house is sold to Bro. Horton who used to live next to Higbee's house. Bro. Horton said "this is home", I want to buy your house." (when he knew it was for sale.) He said that Dolores

will be very happy, when I go home
and tell her about it". All the neigh-
bors are also happy to have them
back, especially in the same neigh-
borhood. Gayle Dudley, Colvin, Ham-
sens etc. all are so happy to have
them back. I told the neighbors, that
they should thank me, that I did not
come back, because they are young and
are more fun to live with.

I really miss my home, but it was
to big for me, I dont need 4 bedrooms
any more, like before my husband
died. We used to have lots of ^{to stay} ~~com-~~ friends
pangnif visitors over night, especially
from Logan (most of them passed away) I guess
Bp. Westover will be very happy also, to have
this couple in his Ward.

now, I better close this letter. It was as I
had talked to you in person and it makes
me feel good. God be with you till we meet
again, with love Emma M. Zewahlen
and Tom Ben + Joy
