It'll be fine  
At the moment we are in Brisbane looking  
around areas to see if we like the look of them  
and schools. We find the Chapel here, the people  
very noisy and irritable but we also found  
the same in Salt Lake One land we went to  
sounded like a cattle market in the Chapel and  
I almost wanted to scream out for them to be quiet.  
It's a nice country but I wish I could go home  
perhaps when we have our own place etc. It will be better.  
Anyway God bless you both give love to the Branch  
here ya, The Akenheads.

Dear Bro + Sis Hall,

Hope you are well as we are here.

Still cant believe we are in Australia, and that we have been here just over a month.

Tom hasnt as yet been able to get a job. He has something in the pipeline but as yet nothing definite. I suppose being too qualified can be a disadvantage sometimes. Were still staying with my Sister in Sydney and since she also has her in-laws with her the house is full 16 including a baby.

I have and still do find it hard to settle down, and cant make my mind up how I feel about the place. The description I would give is that its between an England~~s~~ and America, English countryside but American fast foods and car lots and T.V. is very much like its in America. I miss my friends dreadfully especially the Da. Silvas and S. Africa too is a place I miss. Maybe its the African people, they seem to get into your blood. I wrote to the Chayas and I still have to write to Sarah. We both miss the Black Branch, who took over from Jerry Forrest if you have time send me the details. Also did Elder Allan get that Hippo scripture cover to you. When we visited the Forrests at your place I did ask them to ask you to send it over to us. Elder has the money I cant remember if I gave the Forrest the postal money for you or to Elder Allen, anyway I havent received it yet, maybe you sent it by sea. I did ask for it to be sent by air but its not important either way.
