

May 31, 1982

Dear Hilda:

I hope all is going well for you both. Eldon James Finch reported his mission last Sunday and in talking with him, he said all is well in A. Africa. He seemed to have really enjoyed his mission.

All is well here in Utah. We have had a relatively wet year with a lot of wind. The crops are all doing well, the corn is about four inches high and the hay is ready to be cut.

We really appreciate being able to live in your home. It has really helped us out a lot. Hiskeys are still in the north apartment and the people in the south are moving out at the end of the month. Bill Barney, a young fellow that just returned from his mission is getting married in July and will be moving into the south apartment. The well went out during the first part of the month. The starting circuit had burnt out and it took a couple of days to get the parts in to fix it. Other than that all is well out on the farm.

Riebs moved out of the house in town. He was laid off from work and so they decided to move out with his parents. We rented it last week to a couple from Payson. They seem to be a nice couple.

As of yet, your package has not yet arrived. We are keeping our eyes out for it.

See is doing well. She had a very busy year at the "Y" with a full schedule and a child on the way. The baby is due around the 1st of July. We are excited but also apprehensive at the thought of becoming parents.

You and Grandmother are doing fine. You finished school last Friday and is already planning vacations to see the rest of the family.

I had better close. I hope all is going well for both of you. If there is anything I can do, please let me know.

My love to you
Mark and See Best
