Dear Brother <sup>and</sup> Sister Hall,

One of the most pleasant surprises <sup>and</sup> experience I've enjoyed recently was the visit with you <sup>and</sup> your lovely daughters on a beautiful summer morning at the office! You were so gracious in accommodating us. My friend was truly <sup>very</sup> impressed

with your mission and the amount of information you shared as I was. I was so happy to see the light and love you reflected. Catherine noticed this also. She was also glad that you spoke freely and openly.

I wanted you to know that your visit was indeed a missionary experience. She inquired about the Missionary Program and was touched that "there are good people doing good things in the world."

I was so proud of you and felt so blessed to share in hearing of your experience. Thank you for your time and your example! The Gospel is true.

Sincerely,  
Gladys Ford
