

Dear Tracy and Ida Rose,

Do hope all is well with you two. Keith was delighted to see you the other night. Things have a way of changing whether we like them or not. The Ward sure seemed empty without the Young Adults around, but I am sure they will mature and develop even stronger testimonies.

Tracy, I hate to be a nag, but did you happen to finish that paper for the Ward History? Could you please mail a copy to me? Ida Rose did you receive a list of the missionaries for your file? If not, do you want a copy sent to you? Also will you send me a picture of the two of you for the bulletin board?

If there is anything we can do for the two of you please don't hesitate to let us know.

Love,

Carolyn + Keith
