Dear THE HALLS,

This is me again Elder Chaya writing this letter so much depressed that we could come down there. I was looking for word in meeting you but not anymore.

Elder Matheson asked me ~~with~~ whether I would like to study in America so I told him I do he is going to work on that for me to go there. Probably that is when we will meet again. I know that one day we are going to meet again. This weekend we will be in Bulawayo for the Zone Conference and I guess we will have a ride from ~~some~~ some one going to Kwe-kwe for the District Conference. That is what we will be doing this weekend. We are going to be lonely up here the two of us. Anywhere lets forget about it.

How is your missionary work down there I guess you are doing just fine like us up here. You know last week we taught 19 standard discussions and we had three baptisms on top I am now enjoying my mission so

very much. I wish to be busy like  
this for the rest my mission. I think I  
will be the happiest person. I enjoy  
teaching I tell

Well I don't have much to say  
to you today. May the Grace and love  
of God be with you always. I will always  
remember you for the work which you did  
up here. May God Bless.

Yours

Thayer
