

Dear Tracy + Ida Rose,
What a void there is over the back fence since
you left. We can't believe how lonely it is, and
I know very much we miss you. I have caught
myself so many times picking up the phone to call
you, or hold over the fence at you. It seems like
you have already been gone for so long.
However, we know you are doing what you
have wanted to do for a long time and were
happy this dream is being fulfilled.
We wish you the very best on your mission
and we pray for your health and safety, and
well being. We know you will be excellent
messengers with your sweet spirit and testimony
of the gospel. "Love, today people".
We are doing fine - Baby baby is so good we
can hardly believe it. He never cries except when
he wants to eat. He sleeps anywhere from 4 to 7 hours
without needing to eat. He is so much fun and
we really love him. Baby is feeling fine now.
May the Lord's choicest blessings be yours.

Thinking of you, and wishing you
happiness at Christmas time and
all through the year
much love,
Lamar, Elaine,
Becky + Jordan
