

19 October '83

Dear Sis Hall,

I was so pleased to read from you about my request though it has turned out to be in vain, anyway I do remember a great saying by our prophet "No goal is too high if we climb with care & confidence" One day my dreams will come true. It is no problem at all in getting a scholarship from our govt & I think I will go to study either in Rumania or Yugoslavia becoz I have been offered a grant by our govt & I think that's what I will do.

We got a letter from the office confirming about the couples you said & they will be arriving on the 5 Nov by British Airways. I hope they are going to enjoy themselves as you did when you were in Zimbabwe. We have started a sub-branch out along Enterprise Road & its getting on very well. Last week we had five baptisms from Highfield oh they were excellent people.

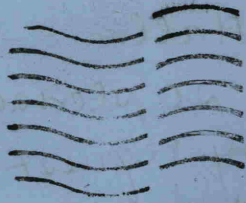

I really love to see our branch growing & it encourages a lot to see people accepting the true gospel of Jesus Christ. Our Sunday attendance at the new branch is between 60 & 80 people every service & we have about fifteen members who stay in the area & I guess that's where one of the couples is going to work, as far as I know & they will love it so much out there.

How is Brother Hall doing with his leg & has he started on his project yet about a new modified jet engine. We miss you too really out here. Sis Ash is going to be operated tomorrow because she has a little problem with (hernia) but I hope she will be alright after that. Sisters Chaya & Sarah all are doing fine & everybody else including my fiance. I will be through my mission soon that is a couple of weeks from now & I am going to miss all these people who have contributed a lot on my mission & changed my life, may God bless you all.
Love - Charles
