This first in a series of a dressy, well-chaperoned dances was met with enthusiastic acceptance by youth from all stakes whose students attend Timpview High School. There was some confusion about appropriate dress for boys and some were sent home to finish dressing. Young men may wear:

- dress shirt with collars and full-button front — no t-shirts or golf/polo shirts.
- cords or slacks — no Levis or jeans.
- dress shoes — no athletic shoes.

Admission to the dance is by "dance card" only, which may be obtained from your Bishop after an interview and commitment to honor Church and dance standards while at the dance.

PRESIDENT KIMBALL ON MARRIAGE

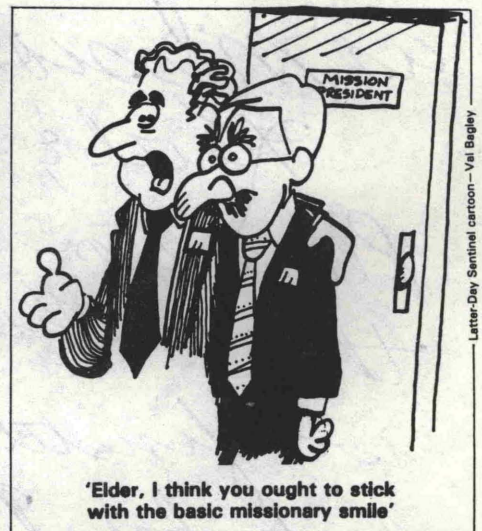

"... I congratulate you for your vision and faith and your willingness to forgo the fanfare and glamour of a worldly wedding for a simple, quiet, but beautiful marriage in the temple, a sweet eternal ceremony that will be unostentatious and sacred like your birth, blessing, baptism, or ordination. ... Mary,

June 1982

you are to be become a career woman in the greatest career on earth — that of homemaker, wife, and mother. And so, if you failed to prepare for motherhood and homemaking when you could, you may make up somewhat devoting yourself to those subjects now. In your spare time you could now study child psychology and child discipline, the fundamentals of nursing, the art of teaching, particularly how to tell stories and teach children; and you will want to get all the theory as well as the practice now in cooking, sewing, budgeting, and buying... you wouldn't want to work outside the home... for women are expected to earn the living only in emergencies, and you must know that many are the broken homes resulting when women leave their posts at home... And so, Mary, you will remain at home, making it attractive and heavenly, and when John comes home tired, you will be fresh and pleasant; the house will be orderly; the dinner will be tempting; and life will have real meaning... Now, John and Mary, many young people plan to postpone their spiritual life, church activity, and the bearing of a family, until they get their degrees or get established financially...

"You, John, are the head of the family. You hold the Priesthood. Give this little family righteous leadership. Tomorrow at the end of your first perfect day of marriage, you two should kneel at your bedside before retiring, in your first family prayer, and thank the Lord for the love that has brought you together, and for all your rich blessings, and ask him to assist you to remain true to your covenants and keep clean and worthy and active... Determine to attend your priesthood and Sacrament meetings every Sabbath, pay your tithing faithfully... visit the temple often... and keep your actions constructive, your attitudes wholesome... And so you will not postpone parenthood... have your family as the Lord intended... Do not limit your family as the whole world does... Young people, have your family, love them, sacrifice for them, teach them righteousness, and you will be blessed and happy all the days of your eternal lives."
— Spencer W. Kimball, *Faith Precedes the Miracle*, 1973, pp. 33, 127-132.

Dear Ada Rose & Tracy,

We sure seem to be sending out a lot of missionaries. Besides those indicated on the reverse there is Shuffler Clark, waiting for a call. Alan Andrus papers are in progress. Hal & Naomi are in England by the 1st of July. as Mission President.

Keith & I drive by the "Payson Plantation" once in a while still there. Things are growing & it is definitely hot here. Our Dana broke her leg climbing a pole & will be on crutches until Aug/2 with a cast from the groin to the toes. She's taking it pretty well.

I try to meet a July 31st deadline of getting the Ward History written. Surely do appreciate your contribution. It helps. Reese is doing a super job. He & Kathryn & Keith & I are going backpacking with the "mutual" in mid-July. We're going, I think to Krotch Lake. Pat Higbee to have a baby in late August so is out. Joan Brownings has a new son.

All is well
Love Carolyn
J.
