Dear Family,

During the past month several events worthy of mentioning took place. The most important was Charlotte's confirmation of pregnancy. We are expecting our fourth child the first part of ~~the~~ December. Charlotte says it is a girl but I say it will be a boy. Another boy would even up things in our family. Hyrum and I are out numbered. Charlotte wants a girl because she says girls are easier to raise and I don't go through scouting. Charlotte keeps thinking of all those squirrly boys when she was the Webelow leader. Only time will tell. She is having all of the nauseousness of an enjoyable pregnancy.

We got our income tax return. We decided to blow it all on the kids. Well most of it. We got a 10'-0" high swing set with four seats. it is one of the good quality sets with 2 1/2 inch diameter aluminum poles. We also got a 14'-0" diameter trampoline. I set everything up within the last week and a half. Our yard has suddenly become the center attraction in the neighborhood. We have decided to have a hole dug in our back yard to make the trampoline even with ground level. This will make jumping safer.

We are selling our home in California. We are in escrow right now. Escrow will close in June. We got a good price for it. ~~but~~ We had to come down a little more when the V. A. loan appraisal came in for \$3,000 less than the agreed upon price. We were still able to get above our bottom acceptable profit.

Happy Mom's Day
everyone.

(see back of sheet)

Love, Bryan & family
