

1-31-86

Dear Family,

After unsuccessfully being able to obtain new employment quickly, Bechtel gave me a temporary assignment in San Clemente, Ca on the San Onofre Nuclear Power Plant. I was confirmed yesterday. I will be there from 2 to 3 months. Charlotte and the children will stay in Delta. I will visit home once every 30 days. Bechtel will pay for my flight. I almost had a job with a contractor in Delta but they did not want to pay much. We will hold out for something better. In 3 months we will hear about law school. We will be either accepted, rejected or be put on the alternate list. At this point law school is an option which might be declined if employment opportunities look better long term. I leave for Calif on Monday.

Our house in Delta is for sale. We have had a lot of calls but only a couple of showings.

We enjoyed the Colorado Strings concert last night in Delta.

Love,

Bryan, Charlotte & Kids
