Dear Langford Cousins:

Some of your Tracy Hall cousins keep saying: Where are my cousins and what are they doing now? Soooo----I am sending you all a family group sheet. Fill it out with all baptisms, etc, up to the present. Send them back to me and I will zerox all of them and send you each a complete set.

On the Front of the sheet where it says "address of person submitting the sheet," please put your name, phone, and address and phone number. Then use the back of the sheet to tell us what is going on in your lives, what you are doing (church jobs, professions, interests, whatever.) and anything else of interest. Some of the cousins have put pictures of their children on the sheets.

Shall we put some kind of a deadline on this so it won't be hanging over my head forever? Who knows where this can lead. You might each want to get the sheets from your husband's or wife's cousins. Like a chain letter. (Can we be arrested for this?)

I am collecting the Langford and the Hall cousins for my kids. Please, let's hear from you! Maybe you already have a family group sheet up to date and only need to add a brief history. Great. If you don't--well, what a good excuse to get one all filled out and up to date. Those of you who have computers don't hesitate to send one on the computer print out or the new form put out by the society (which is like the computer form). I have a hunch your cousin David Hall will want to stick them all in his computer and print them out. We'll see.

When I started this (at Aunt Irma's funeral) we put Jan 30th as the deadline, but I haven't obtained all the addresses I need, so shall we say March 30?

The ones I have are really interesting, and it is neat to see what you are all doing and how many Charlotte and Ernest Langford Great-grandchildren are around. Well, I have 33 myself--one in the MTC and one in Haiti on a mission. Makes me feel ancient. Hope to hear from you soon.

Aunt Ida-Rose
