

Bryan Weight Family letter, March , 1985

Dear Family,

Hyrum celebrated his 2nd birthday on the 2nd. He had fun blowing out the candles. He had a cold and fever this past week as did Hannah.

Bryan spent a couple of days in California. He spoke with an individual in the Norwalk office and found there are no opportunities open for us there. While there, Bryan put our La Mirada house on the market and had a nice visit with his sister Ellen.

Bryan has been putting in 12 hour days at work. The days are long for both of us. I feel "chained" to the house some days because when he works overtime he can't carpool. Fortunately I have a super non-member friend who takes care of my transportation needs. (She has three children who are almost the same ages and the same sex as our three. She works on the Cultural Council with me too and we really enjoy a close relationship. I watch her kids each Monday while she attends her church's Bible study.)

I am almost always over my head in different activities these days. I'm over the R.S. Birthday Party on the 20th. We're planning a fun birthday party that will pay tribute to past, present, and future members of the R.S. A fashion show is planned with old, new and future fashions.

The 22nd the Salt Lake Symphonic Choir is coming to Delta. This should be a great event. The following Monday we'll hold auditions for our annual community theatre. We'll put Fiddler on the Roof in June. Two days later we'll (sorry about all the 8s) hold our annual membership meeting. I'm ~~over~~ over the membership meeting and still have posters, banners, radio announcements ect. to do for the other events. Our newsletter goes out next week also. In between all these I have an inservice meeting to prepare. Sometimes I feel under a lot of pressure, but most ly I'm excited to be involved. Bryan is very supportive of my activities and the children don't seem to be suffering from it. I won't talk about the house though.

My sister Sherlene is giving a presentation at the BYU Woman's Conference on "Homemaking, A dying occupation" (That's not really the title but it's close) I have arranged for a baby sitter for the children here in Delta for the two days of the conference. I'm looking forward to attending.

Congratulations to Virginia and Barry on the bifth of Rose Ellen! We look forward to meeting this new little neice in April.

(another 8 in closing!)

I'm sure this is all of my typing that you can stand so I'll call it quits! Love, Charlotte, Bryan, Sarah, Hannah and Hyrum.

We also took my parents to see Ballet West perform Abdallah in February. It will be coming to N.Y.C. & the D.C. area in early May. We recommend it to Sherleen & Virginia's families. BYW

I am considering going to law school. The earliest we would be able to get in, anywhere in the country, is Fall of 86. We have about 1 1/2 yrs to get prepared and find out if we can get accepted. I would specialize in engineering & construction contracts. BYW
