Do not confuse these additions with any other!!! They are genuine WOOD additions of superlative quality. The HALLmark of this distinctive collection is its diversity. The additions in the collection vary in size and nature, yet the collection as a whole exhibits unmistakable harmony, because the individual additions are of consistent quality.

Because of the extreme care and craftsmanship required in production, the additions are issued at the rate of one almost (or exactly!) every two years. They carry on the fine tradition established by earlier volumes, with our most recent issue particularly reminiscent of masterworks Jonathan Wood (1709), Jonathan Wood (1768) and John Wesley Wood (1845), all now out of print.

OUR PRIDE IN THIS COLLECTION IS UNSURPASSED!

You are cordially invited to view this private collection at 3804 North 18th Street, Arlington, Virginia 22207, phone (703) 243-3690. To accept this invitation, simply drop in anytime you visit the nation's capital. Our display room is conveniently located just four miles from the White House.
