FIGURES

1. Location of the Assynt area and generalized map.....	(pocket)
2. Diagrams illustrating the orientation of fabric axes.....	355
3. Orientation of linear structures measured in preliminary survey.....	359
4. Structural map of the Stack of Glencoul area.....	(pocket)
5. Structural data from the Stack of Glencoul area.....	360
6. Partial diagrams, Stack of Glencoul area.....	361
7. Style of folding in the Stack of Glencoul area.....	363
8. Profiles of B_n -folds	366
9. Development of folds and cross section, Stack of Glencoul area.....	367
10. Structural map of the Cnoc a' Chaoruinn area.....	(pocket)
11. Structural data from the Cnoc a' Chaoruinn area.....	370
12. Partial diagrams, Cnoc a' Chaoruinn area.....	371
13. Style of folding in the Cnoc a' Chaoruinn area.....	372
14. Diagrammatic section across the Cnoc a' Chaoruinn area.....	373
15. Structural map of area around Benmore Lodge	374
16. Structural data from the Loch Ailsh area.....	376

	<i>Contents</i>	v
17. Style of folding in the Loch Ailsh area.....		377
18. Style of folding in the Knockan Crag area.....		379
19. Diagrams illustrating the development of glide folds.....		383
20. Map and diagrams showing folding in the zone of dislocation.....	(pocket)	
21. Fabric data from Loch Ailsh dolomite specimens.....	(pocket)	
22. Map showing localities of analyzed specimens of quartz-bearing rocks...		398
23. Fabric data for quartz-bearing rocks.....	(pocket)	
24. Synoptic diagrams of structural data		408
25. Map showing structural units in the Assynt and Loch More area.....		412
