

19 February 1973

COMMERCIAL HONING
Company, Incorporated
8606 Sultana Ave.
Fontana, California 92335

Gentlemen:

Please quote on six (6) each CYLINDERS for hydraulic use according to the enclosed print. The cylinders are to be made from 4340 steel forgings of aircraft quality, hardened to R_c 28-32.

If you have alternate suggestions concerning material, tolerance, or dimensions, we will be happy to consider them.

Sincerely yours,

H. Tracy Hall
President
