Re: Private Work at the Research Shop

Will you kindly furnish to H. Tracy Hall and Fred Childs an account number where the costs on a special research project by H. Tracy Hall will be accumulated. After this project is terminated, then I would like to see the total and we will have to then decide the amount of overhead that will be charged, if any. Will you therefore communicate with H. Tracy Hall and Fred Childs indicating an account number to them for use by Bro. Hall on a project that he will shortly undertake.
