GENERAL INSTRUCTIONS FORM TC-20S

Note: A Copy of the Federal Return and Supporting Schedules Must Be Attached to This Return.

- 1. Who Must File. Every small business corporation (as defined at Section 1371(a) of the Internal Revenue Code) which has filed a proper and timely election under Section 1372(a) shall file form TC-20S so long as the Federal election remains in effect.
- 2. Time and Place for Filing. The return must be filed with the Tax Commission on or before the fifteenth day of April following the close of the calendar year for which the return is filed; or if the return is for a fiscal year, on or before the fifteenth day of the fourth month following the close of such fiscal year. The Tax Commission may grant a reasonable extension of time not exceeding six months for filing a return, if application therefor is made before the date prescribed above for filing such return, whenever in its judgment good cause exists.
- 3. Accounting Period. The taxable year for Utah shall be the same as for Federal income tax purposes. If a small business corporation changes the Federal taxable year, it must change the Utah taxable year accordingly. However, permission to change shall be requested from the Tax Commission within 30 days after the close of the new filing period.
- 4. Signatures and Verification. The return shall be signed by a responsible officer of the corporation, the signature of whom need not be notarized but when signed shall be deemed made under oath.
- 5. Dividends and Other Distributions. Any dividends or other distributions of the corporation's earnings must be identified (by answering the question at the top of this page) as to distributions out of earnings prior to 1/1/73.
- 6. Fiscal Year Beginning in 1972 and Ending in 1973. The election to file as a small business corporation became effective on 1/1/73. Prior to that date there was no difference in tax treatment for Utah purposes between small business

- corporations and other corporations. Therefore, each small business corporation filing on a fiscal year beginning in 1972 and ending in 1973 shall file two returns (form TC-20 and form TC-20S). In order to compute the tax due, each return shall be filed for the full year as if the law (pre 1/1/73 or post 12/31/72) was applicable for the full year. The tax shown to be due on each return must then be reduced to an amount which bears the same ratio to the tax computed as the number of days in the particular period, applicable to the return being filed, bears to the total number of days in the filing period. Contact the corporate auditing division for further information, if needed. Complete supplemental schedule on page 2 of this return.
- 7. Income Taxed to a Small Business Corporation. Every small business corporation is subject to payment of the corporation franchise tax on any income which is subject to the federal corporation income tax, adjusted, of course, for any applicable apportionment fraction. Also, the corporation franchise tax must be paid by a small business corporation on that percentage of income (other than income subject to federal tax) that the percentage of ownership of its outstanding shares of stock owned by non-resident individuals bears to the total outstanding shares of stock.
- 8. "First Return" Computation. In the case of a small business corporation which incorporated or qualified to do business in Utah during 1972, the tax for the first and second periods applicable to pre 1/1/73 law shall be computed for the full year as if the law in effect on 1/1/72 was in effect for the full filing period. Such tax so computed shall be reduced to an amount which bears the same ratio to the tax computed as the number of days prior to 1/1/73 bears to the total number of days in the filing period. You may request a copy of Regulation No. 2 effective prior to 1/1/73 which shows examples of the computation of the first and second periods' tax.
