(a) defines "business income" as "income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations." In essence, all income which arises from the conduct of trade or business operations of a taxpayer is business income. GENERAL INSTRUCTIONS FORM TC-20S

Note: A Copy of the Federal Return and Supporting Schedules Must Be Attached to This Return.

1. Who Must File. Every small business corporation (as defined at Section 1371(a) of the Internal Revenue Code) which has filed a proper and timely election under Section 1372(a) shall file form TC-20S so long as the federal election remains in effect.

2. Time and Place for Filing. The return must be filed with the Tax Commission on or before the fifteenth day of April following the close of the calendar year for which the return is filed; or if the return is for a fiscal year, on or before the fifteenth day of the fourth month following the close of such fiscal year. The Tax Commission may grant a reasonable extension of time not exceeding six months for filing a return, if application therefor is made before the date prescribed above for filing such return, whenever in its judgment good cause exists.

3. Accounting Period. The taxable year for Utah shall be the same as for Federal income tax purposes. If a small business corporation changes the federal taxable year, it must change the Utah taxable year accordingly. However, permission to change shall be requested from the Tax Commission within 30 days after the close of the new filing period.

4. Signatures and Verification. The return shall be signed by a responsible officer of the corporation, the signature of whom need not be notarized but when signed shall be deemed made under oath.

5. Income Taxed to a Small Business Corporation. Every small business corporation is subject to payment of the corporation franchise tax on any income which is subject to the federal corporation income tax, adjusted, of course, for any applicable apportionment fraction. Also, the corporation franchise tax must be paid by a small business corporation on that percentage of income (other than income subject to federal tax) that the percentage of ownership of its outstanding shares of stock owned by non-resident individuals bears to the total outstanding shares of stock as of the last day of the corporation's filing period.

6. Dividends and Other Distributions. Any dividends or other distributions out of the corporation's earnings must be identified as to distributions out of earnings accumulated prior to 1-1-73, and/or earnings accumulated after 12-31-72.

7. Net Income Assignable to Business Done in Utah. If the corporation during the taxable year was taxable in another state complete schedule N.

A corporation is taxable in another state if (1) in that state it is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not. See Tax Commission reg. 8.
