Prof. H. Tracy Hall  
Department of Chemistry  
Brigham Young University  
Provo, Utah 84602

Dear Tracy:

Sorry to bother you, Tracy, but Agarwala has been on my back with three letters asking me to contact you on informing him (sort of immediately, if not sooner) of a specific delivery date for the cubic pressure apparatus, plus spare parts. He seems to be in a panic over some approaching deadline on paperwork. What a guy.

On the last go around with his correspondence, I told him I would contact you, and now I have.

I hope all is going well. I send you and your gracious family best wishes for a very good Christmas Holiday, and a prosperous new year.

Sincerely,

A. A. Giardini

AAG/be
