Re: IND 72/058

Dear Mr. Paradis:

I have not yet received my copies of the shipping papers from the Arthur Fritze Co., customs house brokers, on the cubic press for the National Physical Laboratory of India. However, I do have the following pleasant information. The equipment sailed aboard the American President Lines Ltd's President Jefferson V-13 on April 7, 1975 and is scheduled to dock at the Port of Bombay May 10, 1975. Fritze Co. has forwarded two sets of shipping documents to Resident Representative, United Nations Development Program in India, IND 72/058, P.O. Box 136, New Delhi, India.

Sincerely,

*H. Tracy Hall*
