Dear Mr. H. Tracy Hall:

Thank you for your prompt reply to my inquiry about synthesizing industrial diamonds.

In order to meet with you and view your equipment, I have made arrangements to fly into Salt Lake City next Thursday morning, June 16. It would mean that I might arrive in Provo by late morning.

If these arrangements and Thursday, June 16, are not convenient for you, I would appreciate your calling me collect.

Sincerely,

Samuel Greenfield
