May 1, 1978.

Dr. H. Tracy Hall,
P.O. Box 7533,
University Station,
Provo, Utah, 84601.

Dear Dr. Hall:

Professor H. H. Schloessin is being considered for promotion from the rank of Associate Professor to that of Full Professor. A recommendation is made after considering his contributions in teaching, administration, community service and research. The first three areas can only be judged reasonably by internal referees but in the area of research we rely heavily on how the candidate appears to his peers outside the university.

Your name has been submitted as a person qualified to act as a referee in the area of the candidate's research contributions and I would be most grateful if you would agree to undertake this task. A list of the candidate's publications to date, together with some reprints of his more recent work, and a set of guide lines is enclosed to assist you if you agree to act as referee.

If you are unable to act would you please let me know as soon as possible and return the documents to me.

Yours sincerely,

A. E. Beck
Professor & Head

Re: Schlosser Promotion

I highly recommend that Prof. Schlosser be advanced to rank of Full Professor (see attached).

I apologize for the delay. I've been away and have neglected my mail.

Sincerely,

H. Tracy Hall
Distinguished Professor of
Chemistry & Chem. Engg.
