Dear Dr Hall

I am writing on behalf of the authors of the book entitled: *The pressure balance: theory and practice* by R S Dadson, S L Lewis and G N Peggs, to request permission to use the information given on page 304 of the book: *Accurate Characterization of the High-Pressure Environment* edited by E C Lloyd and published by NBS, 1971 regarding fixed points. This information was also cited in a table in 'Tables of Physical and Chemical constants' by Kaye and Laby, 1973, on page 24.

I look forward to hearing from you.

Yours sincerely
