Dear Sir,

We are attempting to identify new services or services that have had fast growth in the past 5 years.

These could include all types of services offered to industry, trade, government or individuals.

I am hoping that your department has studied this matter and if so, I would be most interested to have the name of the person concerned or to receive a summary of the work performed. We would of course be pleased to pay any expenses involved for administrative work, air mailing, etc...

Alternatively, should you be able to suggest other sources of information on this matter, we would be very grateful indeed for your cooperation.

Yours sincerely.

J. HAZAN
