Dear Dr. Hall:

Thank you for your assistance and hospitality during our meeting of March 1, 2, 1977. The information you have given us will be invaluable in our test program to determine the equilibrium phase diagrams of selected lubricants at high pressures. I will be in touch with you in a few days to discuss the indium capsules for containing a fluid in the high pressure test rig.

I hope you are personally feeling better and can enjoy more the spring weather upcoming. Thanks also to your son, David and his wife for their enjoyable evening and for David's efforts in seeing me from and to the airport.

Thank you again, and I am, as always,

Sincerely,
