Re: Your order No. 974-0893-65
Invoice enclosed for your information

We received an 8 page parts list for HENDY 12-speed and 18-speed geared head lathes and also a three sheet (printed on both sides) information list stapled in the corner for the same lathe.

We also received a 2 sheet purchase order from you that had been sent to you by International Harvester Solar division for rebuilding a hob sharpener. I'm sure that this was sent to us by mistake but I am wondering if it was inadvertently substituted for another stapled information brochure that we should have been sent on the Hendy lathe.

Would you please check into this matter for us? We are returning the International Harvester Solar Division purchase order herewith.

Sincerely yours,

H. Tracy Hall
