9 March 1972

Dr. M.R. Barr, Chairman Royal Roads Military College F.M.O. Victoria, B.C.

Dear Dr. Barr:

Thank you for your letter of February 14. The dates of April 27 and 28, 1972 will be acceptable for my lectures. Also, the schedule that you have suggested would be just fine.

I will plan to give a general talk as you suggest and the title "Diamonds and High-Pressure" would be a good title. Thank you very much for your interest and for making the travel arrangements for me.

I am looking forward to my visit and to meeting with you and your associates.

Very truly yours,

H. Tracy Hall Distinguished Professor

mg

Royal Roads Military College, F.M.O. Victoria, B.C., 14 February, 1972.

Dr. H. T. Hall, Department of Chemistry, Brigham Young University, Provo, Utah, 84601.

Dear Dr. Hall:

I am sorry that after asking you to advance your visit from April 27/28 to April 24/25, I have run into conflict with the University of Victoria on April 24. May we return to your original preference of April 27/28? If this is acceptable you would have the following schedule.

	Talk	leave Salt Lake City (United) arrive Seattle leave Seattle (PWA) arrive Victoria (C.I.CUniversity of Victoria) C.I.Cinformal	820 1040 155 230 500 ~730	AM PM PM PM
April	28:	leave Victoria (Air Canada) arrive Vancouver arrive University of British	815 840	AM
	Talk	Columbia U.B.C. Chem. Department leave Vancouver arrive Seattle leave Seattle arrive Salt Lake City	~915 130 410 445 525 845	PM PM PM PM

This schedule does not leave you much time at the University of British Columbia which is a pity since it has one of the three best chemistry departments in Canada. If you should care to spend more time at U.B.C. it could easily be arranged. In that case you could leave Vancouver

...2

April 29 925 AM arrive Seattle 1000 AM leave Seattle 1210 PM arrive Salt Lake City 430 PM

As soon as I hear from you I will make the reservations and will send down the tickets about the end of March. Also, although both lectures now involve chemistry departments both groups are still interested in a general talk-----"Diamonds & High Pressure" will interest us all--- indeed at the Victoria talk there will be one or two jewelers present.

Yours truly,

M.R. Barr, Chairman, C.I.C.,

Vancouver Island Section
