Dear Family: I had a nice day yesterday consulting at Arthur D. Little Company, Cambridge. Dr. Ivan Simon was my host. Bill Field from Air Force Research, Cambridge was also there. I saw Francis Bonner who also works for A.D.L. He is leaving next week to head Chem. Dept of a new branch of New York U. on Long Island. After work I went for a swim with Bill Cass who also works for A.D.L. I then had dinner with the Casses. I visited Bridgman's old high pressure lab at Harvard and our new run-maging through the M.I.T. library.
love, Daddy
